551 On first thought it might be imagined that the application of the same name to so many people would cause great confusion. As a matter of fact, however, in a village of, say, 20 families, there could have been a maximum of only 40 having the same name. Taking into account deaths and departures, the number was greatly diminished. Moreover, as in general only relations or close friends were addressed in this way, strangers commonly being addressed by their nicknames, the seeming danger of confusion is almost entirely obviated. In those cases, however, in which confusion might result a nickname, or sometimes a clan name, was added to the birth name when speaking of an individual.

553 614 *Naming feast.*—The clan name was generally bestowed on a child at a special feast held for the purpose or at any feast that happened to be given within a reasonable time after its birth. The bestowal of the clan name was not infrequently delayed by a father's inability to gather the requisite amount of food to be presented to the old man who was to select the name. Occasionally it even happened that a father under such conditions permitted the relatives of his wife to bestow a name on a child, which of course was a name from its mother's clan. The author has personal knowledge of a case in which the first child of a man had a name belonging to his mother's clan while the other children had names belonging to their father's clan. When questioned, the man said that at the time of the birth of his eldest child he was too poor to pay for the honor of having his child receive a name and that he had allowed his wife's relatives to give it a name. When his other children were born, however, as he was in better condition financially he had been able to name them in the usual way. Although a child, irrespective of his individual name, always belonged to his father's clan, there seemed to exist a feeling that a person having a name not taken from his own clan was more or less incomplete. A person possessing no clan name was regarded as having low social standing.

When a child was adopted it retained its former birth name and clan name.
